

## Exploring Mt Hotham in the summer

Hello Adventurers,

Summer is in full swing at Pegasus

The lodge has been busy hosting a number of groups and families this week making the most of the Victorian High Country.

Bushwalking is proving popular with walks ranging from the local trails to the more challenging return trip to Mt Feathertop and the iconic Falls Creek to Hotham walk.

Why not stay overnight at Pegasus before being picked up by Snow Dog Transport and driven to Falls Creek before beginning your trek?

### Pegasus news

A members work party in early December has the lodge in pristine condition and the landscaping adjacent to the old fire pit is developing into a lush lawn.

A new associate member is a friendly possum who has taken up residence in the trees near the lodge; he has even visited the balcony to enjoy the sunset views.

For the month of January, in addition to being able to book online, we are trialing booking via **AirBnB** and this is proving convenient and popular with new guests.

## What's on at Mt Hotham Resort this summer

Once again this summer, Mt Hotham Alpine Resort is hosting guided walks on Saturdays for the month of January.

The walks are suitable for beginners and range from short walks to longer more demanding trails.
